

PROGRAM OVERVIEW REPORT

REF: MEALS FOR CHILDREN 2022

To Whom It May Concern,

We are so excited about the accomplishment of the M4C program this year. We believe this program is essential as it allows us to spread the good news about Christ through Bible lessons and provide the children with the food they need. The following report summarizes the work done for 2022 and will also look at the plans for M4C.

1. Meals

This year, we prepared over eight hundred meals for the children. We fed children at the church property rather than having them carry their food home to eat, as was the case in 2021. In addition, meals were provided for the women who prepared the food.

2. Coordinators

The church chose four ladies to facilitate the M4C program. They helped coordinate with other ladies to come to the church property to cook for the children and search for firewood. They also assisted in teaching Bible lessons to the children during the feeding day.

3. Attendance

We were so happy to conduct the Meals For Children ministry at Mbembesi Church of Christ and fed an average of 45 children twice each month during the year 2022.

4. Kitchen Construction

This year we built our kitchen to help during the cooking time. The kitchen will help, especially if the weather is terrible.

5. Future Plans

Zimbabwe Missions will continue to provide USD 50.00 per month for food. We look forward to finding another church plant where we will start our program once we have concluded our direct involvement with the Mbembesi Church of Christ feeding ministry.

We are grateful for the financial support we receive that makes such initiatives a possibility. Please keep praying for this ministry. All glory to God.
