

2023 M4C ANNUAL REPORT

22 November 2023

Dear Supporters,

We are so thrilled about the accomplishment of the M4C program this year. We believe this program is essential as it allows us to spread the good news about Christ through Bible lessons and provide the children with the food they need. Below is the report summarizing the work done for 2023 and looking at the future plans for M4C.

1. Meals

This year, we prepared over one thousand four hundred and ninety meals for the children. We fed children at the church property and Cameron Primary School grounds.

2. School Feeding

This year, in order to create awareness of the M4C program, the team, in collaboration with the Cameron Primary School, conducted a feeding at their school grounds in Mbembesi. It was a blessing to have fed over 700 children that day.

3. Attendance

We were so happy to conduct the Meals For Children ministry at Mbembesi Church of Christ and fed an average of 35 children twice each month during the year 2023.

4. Coordinators

The coordinators with other ladies come to the church property to cook for the children and search for firewood. They also handle teaching Bible lessons to the children during the feeding day.

5. Chicken Coop Construction

This year, the chicken coop was constructed, and the chickens will be raised to help feed children.

6. Expenses

This year we started with a budget of **\$2,000.00** and we used **\$1,631.00** therefore we are left with **\$369.00** for the all year expenses. Additionally, Zimbabwe Missions will continue to provide **\$50.00** per month for food.

7. Future Plans

In the future we look forward to finding another church plant where we will start our program since we are not fully involved with the Mbembesi feeding. Furthermore, we are anticipating having the action plan for our next church plant feeding ministry.

We are grateful for the financial support we receive and the prayers that make a feeding program possible. Please keep praying for this ministry.

Sincerely,

Thandekile Dlamini
