

## 2023 W4C ANNUAL REPORT

23 November 2023

Dear Supporters,

We are so excited to report that the well we have is helping and functioning right on the Mbembesi Church of Christ church grounds. Find below the summarized details of the W4M 2023 ministry:

### 1. Evangelism

This year, we have managed to conduct over five Well Evangelisms that were held at the borehole site. The preachers together with the church members were involved in doing the evangelism.

### 2. Incidentals

This year, the borehole broke down and had to be fixed. On the 17th of November, it was fixed and it now works again.

### 3. Expenses

We started with the budget of \$5,000.00. So far, a sum of \$1,289.00 post survey has been used. Now left with \$3,711.00 for the coming year.

### 4. Future Plans

In the future, ZM shall have a new borehole at a new church plant. The borehole will help the church have access to clean water that will sustain church programs such as Meals for Children. With potable water, the church members will engage in farming activities that will enable them to grow their own food. Moreover, the eventual preacher will be able to evangelize to the members of the community who will be coming to fetch water at the church grounds.

We are grateful for the financial support we receive that makes this program a success aimed at leading to Christ through this work. All glory to God.

*Sincerely,*

**Cynthia Dzuwanani**
