Eagerly Sharing Jesus Through Faith & Works

CONSTRUCTION BEGINS AT SIPABA

After waiting for over a year, our application for a church stand was finally approved. We are happy to inform you that we have begun construction. Currently, our church plan consists of a pavilion, two bathrooms, a preacher's living quarters, a kitchen, and a proposed large church building.

We are grateful for all the members like the "gogos" above, who have volunteered their time and effort in helping construct the structures at the Sipaba church of Christ. Our pavilion is near completion as you see on the picture below, and we are now working on the small Blair toilets. We had the privilege of worshipping under the new pavilion before COVID-19 restrictions resumed.

Please continue to pray for the construction at the Sipaba church, and for the provision of funds as we continue to build other structures. If you want to learn more on how you can help, be sure to [email](#) us.

With all the COVID-19 restrictions changing what seems like every second, it was such a blessing that William was able to squeeze in two weeks of his summer for a short term mission trip to Zimbabwe. During his visit he got the chance to not only see the construction at Sipaba first hand, but he also got to assist in building the church storeroom. He guest spoke on his last Sunday of the trip. His presence was such an encouragement for the both the church at Sipaba, and the Zimbabwe Missions team. We are also super excited to inform you that William and Emily welcomed **Iyla Lindiwe**, their precious little girl, to the world. She was 7lbs 2 oz and 19.5 inches long.

BAD NEWS: DRY HOLES

We were very optimistic about getting water for the Sipaba church and community. Unfortunately we hit a snag with our drilling. After five surveys, four surveyors, three drillings, two locations, and drilling funds being depleted we did not have any luck finding water at Sipaba. The water was going to help the church with various projects like gardening, but we will have to look at other ways of obtaining water. While all surveys done pointed to plenty of water below, we kept coming across nothing more than a big rock. Please pray for hope at Sipaba at this disappointing news.

WHEELS FOR MINISTERS FOR THE BEAR VALLEY BIBLE INSTITUTE STUDENTS

We were very excited to host the students from the Bear Valley Bible Institute in Zimbabwe for a special Wheels For Ministers seminar specially curated for them. Nkosi and Dube taught the students on the importance of participating in the mission of God, and they shared some biblical tips on how to be effective in their evangelistic

efforts. For their participation in the W4M seminar, the institute received a bicycle. The school will use this for their evangelistic effort in the surrounding areas of their campus in Gweru. Please be praying for our upcoming W4M 2021 as we get ready to train ten more ministers on missions.

MORE BIBLES DISTRIBUTED IN WEST ZIMBABWE

The Word of God keeps reaching more people in Zimbabwe! Halfway through the year, over 300 bibles have already been distributed. We are very grateful for this effort that is arming brethren with the Word

of God. This quarter we had the honor of being physically present at three distributions in western Zimbabwe, despite COVID-19 restrictions. We travelled over six hours west, and our first interaction was with the Victoria Fall church of Christ. Our next distribution took place at the Thula church of Christ. The last distribution took place in Hwange at the Hwange Central church of Christ. All three congregations welcomed us with open arms, and we were just as excited to see them receive Bibles in their native languages. We could have not done all these distributions without the help of Br. Tshuma. We thank him for his partnership in the work of Lord.

VISITING WITH THE FLYNNS AND P4A

It was great seeing the Flynns and sharing a meal with them. We had a wonderful time over dinner with friends, and we loved getting to meet their team they came with for their mission trip. We are thankful for all that [Partner4Africa](#) does in expanding the kingdom in Zimbabwe. Please keep praying for them and all their efforts in the kingdom.

One of our teammates, Evans, was blessed with an opportunity to go further his biblical education in Switzerland. He left in the fall of last year, and he was gone for just under a year. On the 26th of June, the rest of our Zimbabwe Missions team decided to go to the airport in Harare for a surprise welcome for Evans upon his arrival back to the country. We thank the Lord for watching over him all this time. Please pray for him as he continues to use his talents and education to further His kingdom in Zimbabwe.
