Eagerly Sharing Jesus Through Faith & Works

## 2022 "A4C" MISSION TRIP *First Of Many*

The last two years when the COVID-19 pandemic was prevalent, the world came to a stand still with various activities being canceled, including travel. Among several things cancelled were our mission trips. Right before the pandemic hit, we were in the middle of lining up a few mission trips for those interested in seeing the Lord's work first hand in Zimbabwe. Unfortunately, we had to postpone these trips.

As you might already know, the COVID-19 restrictions have been becoming less recently, and we are thrilled that mission trips can now resume! All our mission trips are organized under the ministry we call **Ambassadors For Christ**. Under this ministry, we hope to connect brothers and sisters from Zimbabwe and across the globe directly to the mission work taking place on the ground. Churches and individuals interested in taking a mission trip to Zimbabwe, short or long term, can reach out to us and we would love to help arrange everything with ...

# 2022 "A4C" MISSION TRIP: FIRST OF MANY (cont.)

... them to help make that mission trip a reality.

We are happy to report that this year we have managed to launch the A4C ministry with a group led by Katie from the overseeing congregation, Southwest Church of Christ, in May. During their trip they participated in feeding children, leading chapel devotionals at the African School of Bible Missions, and visiting the church plants among other things. Their visit was such a blessing to the people and a huge encouragement to the Zimbabwe Missions team on the ground.

Are you or your church interested in taking a mission trip? Visit our website at [www.zimbabwemissions.org](http://www.zimbabwemissions.org) /engage to learn how you can be an ambassador for Christ in Zimbabwe by taking a mission trip.

## NEW TEAMMATES

### *Same Mission Work*

Our team in Zimbabwe has changed and we are excited about the new teammates we have gained. While our former teammates have moved on to other opportunities, we hope that their time at Zimbabwe Missions helped them to be better equipped for their new endeavors. After their departure we spent some time in prayer looking for their replacements, and we are thrilled to inform you that the Lord answered our prayers as usual. Pictured here, from left to right, is Cathrine Mukaro, Patience L. Chihota, and Zandile J. Mguni.

## A QUILT *Made With Love*

On their visit to the Forsyth church of Christ, the Mpofus were gifted a quilt made by the church members. Nkosi and Tiana (Katie and Sophia were in Zimbabwe) were presented with the quilt after church services. This wonderful gesture is testimony of the loving partnership that exist between the brethren at Forsyth and Zimbabwe Missions. Thank you Forsyth for your constant support, love, and prayers.

## TEAMMATE

### *Achievements*

We are very proud of our fellow teammate William on his recent achievement. Please join us in congratulating him on receiving a Master of Ministry, specializing in Ministerial Care and minoring in Ministerial Counseling from Heritage Christian University.

# BIBLES FOR BRETHREN

## Postcard Update

On our last newsletter we talked to you about the Bibles For brethren Box project. We are hoping to raise funds with this project in order to acquire even more Bibles for the Lord's people in Zimbabwe. With the project, churches can hold their own event(s) whether as a church, small groups, etc. to write up postcards of encouragement for the brethren receiving Bibles in Zimbabwe. For the first time ever, we tried out the project/event at the overseeing congregation, Southwest, and it was a success. Over 90 cards were written from various groups such as the youth group, the ladies class, the young adults, and general members. We hope to get more churches involved in the upcoming year and years to come.

## Families of Families

Families of Faith is a small business with the hopes to help families develop and strengthen their faith by providing resources to get kids excited about Jesus. Jocelyn does an incredible job with the support of her husband, Caleb, in designing study materials that is simple and powerful. We are hoping to find a way in which we can collaborate with them in helping develop and design children's Bible resources suited for an African setting.

After our meeting with them, they wrote on their Facebook page, "Yesterday we met with Nkosi and Katie Mpofu, friends from Freed-Hardeman, to talk about their work in Zimbabwe with Zimbabwe Missions. We hope that in the future, they will be able to use Families of Faith illustrations as they teach the youth of Zimbabwe!" We hope we get to work together in the future to further his kingdom. Click [here](#) to learn more about their ministry.

## SCHOOL IS BACK IN SESSION

The students returned to school again for their second school term for the year 2022. Some of the classes that the students will learn during this term include Church Administration and Leadership, Evangelism and Church Planting, and Pastoral Care and Counseling. Among the instructors for term two are Nathan Diller, Nkosi Mpofu, and William Glover. We are grateful for our instructors who volunteer their time, energy, and expertise in the various subjects offered at the African School of Bible Missions. The students are left with one last term until they will get to write their final examinations from the Zimbabwean Ministry of Higher and Tertiary Education, Science and Technology Development for their certificates in Pastoral Studies.
