

ZIMBABWE MISSIONS

Eagerly Sharing Jesus Through Faith & Works

Zimbabwe Missions OVERVIEW

At Zimbabwe Missions we seek to share Jesus through faith and works. In an effort to achieve this objective, we have put together three overarching goals which are **evangelism**, **encouragement**, and **education**. With these goals, we plan and organize programs and projects that aim at bringing many to Christ.

We are inspired by many missionaries across the global who work tirelessly in spreading the good news, and we are motivated by the New Testament missionary enterprise led by the likes of Peter and Paul. We hope, at the very least, to do what we can within our means to participate in that great commission of eagerly sharing the Word with the world!
